Experienced Full Stack Developer with a strong background in Computer Engineering, specializing in frontend, backend, and mobile application development. Successfully contributed to scalable and high-performance platforms. Played a key role in integrating AI-powered solutions to enhance user experience. Eager to leverage full-stack and Android development expertise to drive innovative solutions in a dynamic team environment.

TECHNICAL SKILLS

- Programming Languages: Javascript, Typescript, Kotlin, Java, C#
- Frontend: React, Vue
- Backend: Nodejs, NestJS, ASP.NET
- Mobile Development: Android (Kotlin/Java), Flutter
- Database Knowledge: PostgreSQL, OracleDb, MongoDB, Redis
- Cloud & DevOps
- Other Technologies: RESTful APIs, Version Control Systems, Agile/Scrum Methodologies

PROFESSIONAL EXPERIENCES

DigitalWisers - Full Stack Developer

Dec 2023 - Present

- Played a key role in the end-to-end software development lifecycle, actively contributing to both frontend and backend development using NestJS, ReactJS, TypeScript, and PostgreSQL.
- Developed and implemented the majority of the platform's features, ensuring scalability, reliability, and high performance.
- Worked on AI-powered solutions, integrating intelligent features into the system to enhance user experience and automate processes.
- Collaborated closely with designers using Figma to translate user interfaces into responsive and intuitive web applications.

Tech Stack: [Nestjs](#), [Reactjs](#), [Typescript](#), [Javascript](#), [Postgresql](#), [Figma](#)

Bilgiyön Yazılım - Software Engineer

Aug 2020 - Dec 2023

- Developed and maintained multiple successful and actively used applications for enterprise clients using ASP.NET API, Java/Kotlin (Android), and Oracle/SQL Server.
- Worked across the entire software development lifecycle, including frontend, backend, and mobile development, ensuring seamless integration between systems.
- Played an active role in Agile workflows, including participating in daily stand-ups, sprint planning, and code reviews to maintain high-quality standards in the development process.
- Collaborated with clients during testing phases to ensure applications met user requirements and performed quality assurance (QA) testing to enhance software reliability.
- Conducted research and implemented solutions to improve software quality, performance, and maintainability.

Tech Stack: Asp.Net Api, Java/Kotlin Android, Oracle/Sql Server

My Next Match - Software Tester

Jun 2019 - Jul 2020

- Helped build and maintain automated unit and integration tests using Selenium(C#).
- Streamlined Continuous Integration/Continuous Deployment (CI/CD) pipelines were used to automate the execution of test cases, speed up the feedback loop, and improve software quality.

Tech Stack: C#, .Net, Selenium

Personal Projects & Freelance Work

- Developed and deployed personal Android applications showcasing application design, coding and deployment skills.
- Independently managed all aspects of project development including requirements analysis, design, coding, testing and deployment.

Tech Stack: Android, Nodejs, Vue.js, React

TECHNICAL PROJECTS

- Digitalwisers (digitalwisers.com)
- Acıbadem Hospital Group Asset/Asset Management Application
- İski Asset/Asset Management Application
- Aydem and Gediz Electricity Distribution Electricity Meter Reading Mobile Application, BilgiYön Yazılım
- Aydem and Gediz Electricity Distribution Asset/Asset Management, BilgiYön Yazılım

SOFT SKILLS

- Teamwork and communication
- Time management
- Flexibility
- Self-learning
- Owning up to errors
- Creative problem solving
- Analytical thinking

EDUCATION

Computer Engineer - Celal Bayar University

2015 - Jul 2021

Foreign Language - Celal Bayar University
